

PPNHW CCTV PROJECT BRIEFING

18 April 2016

Introduction

This is an invitation to all interested parties to present a proposal for CCTV surveillance for the Pioneerspark area according to the criteria listed in this document.

Map (Appendix A)

This is a map of Pioneerspark indicating all the areas we need covered with CCTV.

- Point 1:
Intersection of Hintrager and Fritsche Street.
- Point 2:
Intersection of Gous and Hendrik Witbooi Street.
- Point 3:
Intersection of Jordan and Hendrik Witbooi Street (Engen Service Station).
- Point 4:
Intersection of Jordan and Coetzee Street (Puma Service Station).
- Point 5:
Jordan Street Bus Stop (Close it intersection with Tunschel Street).
- Point 6:
Rieckmann Street (Border with Railway).
- Point 7:
Hintrager Street Bus Stop (Close to intersection with Jordan Street).

Criteria

- At each point we should be able to see detail like registrations numbers on vehicles clearly at any time of day or night.
- At Points 5, 6 and 7 we should be able to setup triggering on selected areas to send out a notification to specified phone numbers via SMS, WhatsApp or Call should movement be detected at specific times of the day/night.

Monitoring

- Live feeds should be accessible via internet for monitoring at all times via pc and mobile devices.
- Recordings of feeds should also be saved for at least a month.
- Live feeds should also be provided to City Police for monitoring.

Final Words

Proposals should be send to projects@ppnhw.org and should reach us not later than 12pm on the 26th of April 2016. You can contact Erik Strauss on 081 122 2743 or Gerrit Koekemoer on 081 124 4676 should you require more information.
