March 2017
From the PPNHW CHAIRMAN:

Good day Neighbours,
The Neighbourhood Watch initiative is one of the oldest and most effective crime prevention programmes of the world, bringing citizens together with law enforcement to deter crime and make communities safer.
It involves getting to know one’s neighbours and introducing them to the concept of Neighbourhood Watch – thus, getting good neighbours to work together, being alert to the potential of crime and willing to look out for one another’s interests.
Very few people are in a position to protect their homes and property at all times. Vacation, business and shopping trips or even an evening out will leave homes unattended and vulnerable to theft and burglary.
PPNHW can provide a sense of security for members, leaving their homes for any length of time. Strong community involvement is encouraged because neighbour unity can discourage crime. Neighbours working together can combat crime in their area in the most effective way – before it starts.
Please go and convince your neighbour to join the PPNHW family.

MEMBERSHIP:
Membership of PPNHW grew by 95% since October 2016. This can possibly be attributed to the fact that PPNHW prides itself on being one big, happy family. Every effort is made to get ordinary members to join for free.
I want to use this platform to give appreciation and recognition to our community members who give monthly financial contributions towards PPNHW.
I would also like to thank those who have already contributed prizes for our raffle fundraising and our braai in June.
Without these dedicated members we would not be able to financially sustain PPNHW.

CRIME
There was a time - not very long ago - when crime in any form was common. Even in our own backyards certain crimes could be detected. I’ve numerously heard comments “it’s been uncannily quiet”… over the past year. It can’t be said that there is no crime or that crime is down below acceptable levels. The truth is that we have had a very quiet year and most of what has happened, has been opportunistic in nature. Theft of valuables, left visible in parked vehicles, is an example of minor crime scenes.
A worrying trend, which has not yet hit PPNHW, is the level of violence used by criminals. Frequent cases in Windhoek wherein residents were attacked while at home or on street were reported in other suburbs. Pensioners are easy targets.
House burglaries and attempted burglaries decreased, but theft of motor vehicles and robberies on the street are still a problem to us.

PPNHW CCTV:
The installation of CCTV cameras will start soon. 19 cameras will be installed within the next two weeks. We shall then hold a meeting to introduce the system to our members. Please attend this meeting and be a part of this project.

PPNHW Projects:
Nightwatch:
The goal is for everyone to know what is going on at night in Pioneerspark and the type of work patrollers do to keep everyone safe, with the possibility to become a PPNHW patroller.
Any Community Member (18+) can join us for a 2 hour evening patrol.
Kindly contact me personally for a patrol shift.

Smiley Hamper:
How do we do this?
1.) By nominating someone within our community deserving such a hamper. This person can be anyone in need, sick, someone who has done a good deed or even a patroller who has excelled in his/her task.
2.) The name and address of this person, with a motivation why this person should be nominated, can be sent to Erik Strauss.
3.) After careful consideration and evaluation of the reasons, the Admin team will then hand over the hamper to this person at the end of the month.

The ultimate goal of this project is to show care and appreciation to all within our community. In due course, a committee will be established to run this project and to find the necessary sponsors.
Should you like to become involved in this project, either as committee member or maybe through sponsorship, kindly forward your details to Erik Strauss.

Let’s stand together as a “family” and appreciate each other.

Erik Strauss
Chairman

PPNHW RAFFLE FUNDRAISER

With our last Fundraising Braai on 19th November this project was put on hold. The PPNHW committee has decided to postpone this project and it will now take place on Saturday, 3rd June 2017.

PPNHW is preparing a raffle which has proven to be a very successful fundraiser for many organizations. The most difficult task is soliciting prizes. We are appealing to you, the Pioneerspark Community, to help us in whatever way possible. If you are in a position to donate a prize from people/companies you may know, we would greatly appreciate it! A few prizes were sponsored last year. Thank you for those prizes.

We would like to collect as many prizes as possible by 31 March 2017. Thereafter we will have the raffle books printed and finally community members can collect booklets of tickets to sell (15 April – End May). The date of the draw will be at our braai which will be held on Saturday, 3 June 2017.

If you are able to support our raffle, in any way possible, please contact Jennifer Neveling either by phone or email (081 214 3114 / SpicerJennifer@yahoo.com) before the above mentioned date.

Please look out for our email regarding the Raffle 2016/17 Fundraiser. Thank you for your support and commitment.

BE SAFE
PERSONAL SAFETY TIPS

Anything that seems even slightly “out of place” or is occurring at an unusual time of day or night could be criminal activity. The following are some obvious things to watch for:

# A stranger entering your neighbour’s house when it is unoccupied;
# A scream heard anywhere might mean robbery or assault;
# Offers of merchandise at ridiculously low prices may mean stolen property;
# Anyone removing accessories, license plates, or gas from a vehicle should be reported;
# Anyone peering into parked vehicles may be looking for a vehicle to steal or for valuables left in the vehicle;
# Persons entering or leaving a place of business after hours;
# A sound of breaking glass or loud explosive noises could mean an accident, burglary or vandalism;
# Persons loitering around schools, parks and secluded areas could be sex offenders;
# Persons loitering in the neighbourhood who do not live there; and
# Anyone forcing entry to, or tampering with a residence, business, or vehicle should be reported.

**Mini wash machine**:

Smaller, delicate items, such as lace or overlays not suitable for a washing machine can be cleaned easily.

- Use a bottle with tight lid.
- Fill with water and detergent.
- Add the delicates, close lid tightly and shake.
- When clean, repeat with clean water and fabric softener.

**Rusted saw blade**:

- Sand the flat sides of the blade with a piece of steel wool until smooth.
- Rub the cutting edge of the blade with a candle or left over piece of soap.
- The wax or soap will make the next use much easier.
There are certain things which we all know we should do, but somehow between trips to the shops, transporting kids and important things on TV, we never quite get around to doing them. Take just one Saturday morning to make some changes that may help you sleep more soundly at night.

SAFETY IN THE HOME

- Test your alarm system every six months and have your security company test the battery and back up battery annually.
- Ensure you have security bars and gates installed – it is the most common home security measure.
- Add some security lighting. Adding lights with sensors at strategic points on your property is a good crime deterrent. In particular, focus on areas around entrances such as your garage and front door.
- Do some strategic gardening. If you have a small jungle growing around your property that intruders could easily hide in, use as a climbing aid, or that obscures your view when pulling out onto the road, now is a good time to do some trimming. Particularly look at the front of your property at the main entrance.
- Save important contact numbers in case of an emergency. Make sure you familiarise your family with an action plan, should an incident occur.
- Get a fire blanket and extinguisher. As many household fires start in the kitchen, these are important tools for extinguishing a fire before it gets out of control. Fire extinguishers should be serviced once a year to ensure they are in working order.

Ticking off even just a few of the risk checks we’ve just explored will help you sleep more soundly tonight. And remember, when risks do become a reality, all the solutions you need are only a call away.
