Stefan was born in Windhoek - a Valentine's baby in 1990. He attended primary school at Delta Primary and All Nations Christian School. Stefan completed his school career at Welwitchia Private School. After school Stefan swotted IT. Currently he is a sales person at Obeco.

For hobbies Stefan loves to go fishing and furthermore he is a passionate gardener.

Being a Pioneerspark resident for 28 years, Stefan wanted to contribute to the safety of Pioneerspark, so he began patrolling in 2015. "Actually my aunt encouraged me."

Stefan completed 465 patrol shifts to date with the Red Alert project being his favourite.

"During a Red Alert my partner and I came across an intoxicated male. We followed him all the way to Pioneerspark Ext 1, with him taking 3 steps forward, 3 steps backwards with falls in between. After contacting the Police, we watched him walking into every dead end. After about 30 minutes the Police picked him up. His manoeuvring was hilarious".

"In Pioneerspark we are firstly a family and secondly a team with the best chairman. Members, please get your neighbours to join this family".

TIPS TO BE SAFE

There are certain things which we all know we should do, but somehow between trips to the shops, transporting kids and important things on TV, we never quite get around to doing them. Take just one Saturday morning to make some changes that may help you sleep more soundly at night.

SAFETY IN THE HOME

Test your alarm system every six months and have your security company test the battery and back up battery annually.

Ensure you have security bars and gates installed – it is the most common home security measure.

Add some security lighting. Adding lights with sensors at strategic points on your property is a good crime deterrent. In particular, focus on areas around entrances such as your garage and front door.

Do some strategic gardening. If you have a small jungle growing around your property that intruders could

easily hide in, use as a climbing aid, or that obscures your view when pulling out onto the road, now is a good time to do some trimming. Particularly look at the front of your property at the main entrance.

Save important contact numbers in case of an emergency. Make sure you familiarise your family with an action plan, should an incident occur.

Get a fire blanket and extinguisher. As many household fires start in the kitchen, these are important tools for extinguishing a fire before it gets out of control. Fire extinguishers should be serviced once a year to ensure they are in working order.

Ticking off even just a few of the risk checks we've just explored will help you sleep more soundly tonight. And remember, when risks do become a reality, all the solutions you need are only a call away.
